

Form

Approval of the faculty and the scientific department on a research project submitted for consolidation of support from the university within the short research program.

Department	The College

Main researcher Name	
Research Title	

	YES	No
Do you think the main researcher is serious about carrying out his/her research responsibilities?		
Do you think that there will be a conflict between the research team's performance of their proposed project with their other teaching and research duties?		
Do you think that the domestic or field trips proposed in the research project will lead researchers to significantly disrupt their teaching duties?		
Is a research topic of interest to a specialized research center in a college or university?		
What is the item under which this research falls in the twenty-third program (mention number of the main item and branch item if any)		

Approved,

Dean of the College	Head of Department
